this bar = 50 mm

저희 노트는 손으로 접고 꿰맵니다.
모두 완벽하지는 않지만, 그 덕분에
똑같은 노트는 없습니다.

잉크를 잘 받는 종이를
골랐습니다. 부드럽게 써지면서도
펜 끝에 종이 결이 느껴지고,
잉크는 느긋하게 마릅니다. 그동안
천천히 말을 골라 보세요.

마음 한 조각을 담아 정성껏
만들었습니다. 적으실 생각이
소중하니까요.

즐겁게 쓰고, 그 시간을 누리세요.

笔记本是我们亲手折、
亲手缝的。不是每本都完美，
也因此每本都不一样。

我们选的纸，和墨水很配。
写起来很顺，笔尖却还能感觉到
纸面。墨水慢慢干，
你也慢慢找想写的字句。

每一本，我们都把心放进去。
我们认真做，
因为你的想法值得。

愿你享受写字，享受此刻。

Nos cahiers sont pliés et cousus à la main. Ils ne sont pas tous parfaits, et c’est ce qui les rend uniques.

Nous avons choisi un papier qui aime l’encre. Le stylo y glisse, mais on sent la feuille. L’encre sèche doucement, le temps de trouver vos mots.

Nous mettons un peu de notre âme dans chaque cahier. Nous le fabriquons avec soin, parce que vos pensées le méritent.

Prenez plaisir à écrire, et à être là.

Our notebooks are folded and sewn by hand. They are not all perfect, and that is what makes them unique.

We picked a paper that takes ink well. It has feedback: your pen glides, but you still feel the paper. The ink dries slowly, so you can take the time to find your words.

We put a piece of our soul into each notebook. We made it with care, because your thoughts deserve it.

Enjoy writing, enjoy being present.

STEP 2 · SCORE THE FOLDS
On the printed side. Ruler through the two marks with the same name (1–4, A–D); score from mark to mark. 2 and 3 run along the band’s edge.

STEP 3 · CUT THE SLIT
Ruler on the two solid S lines, top and bottom. Cut only the middle 42 mm: from 53 mm below the grey band’s inner edge at the top to 53 mm above it at the bottom. The bracket on the left shows the same span.

STEP 4 · CUT OUT THE BOX
The grey band is waste: cut along its inner edge, the one touching the box.
At the two small squares, carry the cut on along line 2, down to fold B and up to fold C, as the arrows show.

STEP 5 · FOLD
Every score, the print outside.

STEP 6 · GLUE
On the printed side (hatched on the map): each small square inside its end wall. Then the end flaps; fold the back down onto them, press.

STEP 7 · CLOSE
The o facing you, it opens on the right. Notebook in, sewn spine at the opening. Tongue round the opening and into the slit; the dot stays outside.
